UPCOMING EVENTS

SEPT

24TH or 26TH

Active Learning Layouts: Structuring Engaging Sessions

This session will focus on designing class structures that effectively integrate active learning strategies to boost student engagement and participation. Participants will also walk away with ready-to-implement active learning strategies for all sizes of classes.

OCT

22ND or 24TH

Effective Assessment in Engineering Education

The focus for this session is on effective and efficient methods to assess student learning, beginning with the connection of learning objectives and assessment. Faculty will be equipped with practical tools to plan, design, implement, and evaluate assessments that support student learning and uphold academic standards.

NOV

19TH or 21TH

Student Motivation

In this session, we will explore essential strategies for enhancing student motivation, including, applying principles of persuasion and creating engaging learning environments. Faculty will gain practical tools to inspire and support student success to increase motivation within the classroom.

JAN

28TH or 30TH

Collaborative & Cooperative Learning

Explore the importance and benefits of cooperative and collaborative learning in engineering education. Participants will learn about effective strategies and techniques to enhance opportunities for cooperative learning. Faculty will be equipped with the tools needed to successfully integrate these learning methods into their courses.

FEB

25TH or 27TH

Embracing & Integrating the Entrepreneurial Mindset

This session will guide faculty on cultivating an entrepreneurial mindset in engineering students by connecting classroom learning to societal needs and fostering lifelong curiosity. Through practical teaching strategies, faculty will empower students to think innovatively and address real-world challenges.

MAR

25TH or 27TH

Reflecting on Progress: Instructional Innovation

This session will focus on how to collect, interpret and use student course feedback to enhance teaching practices and encourage greater student achievement.

APR

TBD

SEEdS: Celebrating Learning

This culminating event will review and celebrate the achievements and insights gained throughout the professional development sessions. We will focus on the impact of these new strategies in the classroom and on future iterations of faculty courses.

ADDITIONAL RESOURCES

[The Learning and Teaching Hub Website](#)

[Nuts and Bolts](#) - An onboarding resource for new faculty. This will provide you with a comprehensive understanding of starting the semester at FSE and resources available to you.

[Quick Reference Guides](#) - Condensed highlights on educational topics, meant to offer just-in-time learning to quickly implement pedagogical strategies.
