

TEM 401 Career Webinar:

Getting Hired in an AI World

Join TEM Professor Joy Griffin and guest speaker Devon Coombs for a conversation on how AI is reshaping the job market—and what it means for you.

GUEST SPEAKER : DEVON COOMBS

AI isn't eliminating jobs—but it is changing how people get hired. Learn what's shifting, what skills matter most, and how to stand out—featuring insights from Devon Coombs, AI architect and former Google and Deloitte leader.
